### VHP Australia Calls for Respect, Unity, and Responsibility

The Vishva Hindu Parishad (VHP) of Australia expresses deep concern over recent public remarks made about Indian migrants in Australia, suggesting they are used for political purposes. Such statements unfairly target a community that has consistently contributed with integrity, loyalty, and dedication to this country.

The VHP wishes to state clearly:

#### **Respect for All**

Every community and every individual, regardless of background, faith, or place of origin, deserves respect and dignity. Disparaging remarks directed at Australians of Indian origin cause hurt and division, undermining the spirit of multicultural Australia.

#### **Commitment to Australia**

Hindus in Australia have come here with positive intent. Through our hard work, family values, businesses, and community service, we have become one of the most contributing communities in South Australia and across the nation. At the same time, we affirm that all migrants, including Hindus, must uphold **Australia's values, laws, and democratic traditions**.

#### **No Place for Imported Politics**

Australia's strength lies in unity and fairness. We believe strongly that foreign political issues and divisions should **not** be brought into this country. Our focus must remain on building a stronger Australia for all its people.

The Hindu community's legacy is one of contribution, not contention. We stand committed to enriching this nation, through culture, education, enterprise, and service.

As Hindus, we draw inspiration from our ancestors who preserved Dharma through centuries of challenge. Here in Australia, we will continue to walk with dignity, identity, pride, and purpose, contributing positively to the country we proudly call home.
